Document Transmittal: *Joint Geophysical and Geological Interpretation of Subsurface Geology, Naval Support Activity Memphis, Millington, Tennessee (Revision 1)*

Reference: Contract N62467-89-D-0318 (CLEAN II)

Dear Sir:

Please find enclosed two copies of the *Joint Geophysical and Geological Interpretation of Subsurface Geology, Naval Support Activity Memphis, Millington, Tennessee (Revision 1)*. One of these copies should be forwarded to Nancy Dagle at the Lawrence Livermore National Laboratory. This document was originally intended for insertion in the June 10, 1998 *RCRA Facility Investigation Report, AOC A - Northside Fluvial Groundwater (Revision 1)* as Appendix G. Because it is larger than expected, it has been bound as a separate volume. As requested, copies have been distributed to the BRAC Cleanup Team, as shown on the attached NSA Mid-South RFI Distribution List.

If you have any questions or comments of a technical nature, please contact me or Larry Hughes at 901/372-7962. Comments or questions of a contractual nature should be directed to Debra Blagg at the same number.

Sincerely,

EnSafe Inc.
