	Bullington	9:09	

NSA Mid-South BCT Minutes

MeetingDate: 24-May-00 MeetingType: BCT

Minute No. 750
24-May-0
Topic: Check In
Program IR
Site:
Presentor EnSafe
Anderson
Actions/Decisions:

CHECK-IN: Check team member perspectives; establish parking lot items (July BCT time; RBCs/SWMU 9; Turkey Shoot site visit; abandonment of golf course well; SWMUs that exceed cleanup/disposal requirements)

Minute No. 751
24-May-0
Topic: General
Program BRAC
Site:
Presentor SDIV
Reed
Actions/Decisions:
773 226

FUTURE OF BCT/RAB AFTER PROPERTY TRANSFER: Jim Reed discussed possibility of having a facilitator lead a discussion at June or July BCT meeting to discuss future goals, operating procedures, roles/responsibilities, etc. of project team.

Minute No. 752
24-May-0
Topic: Parking Lot Items
Program BRAC
Site: Turkey Shoot
Presentor NSA
Williamson
Actions/Decisions:

SITE VISIT TO TURKEY SHOOT: The team visited lead-contaminated soil removal operation at Turkey Shoot and also drove by SWMUs 2 and 9.

Minute No. 753
24-May-0
Topic: Corrective Measures
Program BRAC
Site: AOC A
Presentor EnSafe
Stedman
Actions/Decisions:

AOC A CMS/PILOT STUDY UPDATE: Data from baseline plus two sampling events available. Concentrations have shown significant increase at downgradient extraction well and decrease at 4LF, but it is too soon to confirm trends. Need one or two wells immediately downgradient (within 10 to 15 feet) of injection well to sample for daughter products (to determine if degradation is occurring quickly). Will install these at time of veggie oil pilot study well installation.

Minute No. 755
24-May-0
Topic: Corrective Measures
Program BRAC
Site: AOC A
Presentor SDIV
Reed
Actions/Decisions:

VEGGIE OIL PILOT STUDY UPDATE: Parsons UIC permit application will go before GWQCB June 20. If approved, field work should start last week of June or first week of July.

Minute No. 756
24-May-0
Topic: Corrective Measures
Program BRAC
Site: AOC A
Presentor USGS
Carmichael
Actions/Decisions:

AOC A FLOW MODEL: Jack Carmichael presented latest model info based on February GW measurements. USGS-Nashville has provided MODFLOW files to USGS-Columbia (Bruce Campbell) for use in GMS model.

Minute No. 757
24-May-0
Topic: Parking Lot Items
Program BRAC
Site:
Presentor NSA
Williamson
Actions/Decisions:

BRAC PARKING LOT: SWMUs that exceed cleanup/disposal requirements - The team discussed issue of what to do with soil disturbed at SWMUs where concentration of contaminants left behind based on a risk-based evaluation would require disposal once disturbed. In general, this applies to petroleum sites and would likely only apply to non-petroleum contaminants if reuse is going to be residential. This is a site-specific issue that will need to be addressed when construction projects come up.

Minute No. 758
24-May-0
Topic: Deliverables
Program SCHEDULE
Site:
Presentor EnSafe
Anderson
Actions/Decisions:

PROJECT SCHEDULE: Team reviewed and marked up project schedule.

774

Minute No. 759

24-May-0

Topic: VCAs

Program ERNA

Site:

Presenter NSA

Williamson

Actions/Decisions:

VCA UPDATE: Removals that remain to be completed - S-394 (gray), SWMUs 48 and 17, SWMUs 19/49 (when bldg. demolished), S-235 (trenching to investigate anomaly), SWMU 22 (work plan to be funded via mod to CTO). Turkey Shoot removal to be completed tomorrow.

Minute No. 760

24-May-0

Topic: Field Operations

Program BRAC

Site:

Presenter EnSafe

Stedman

Actions/Decisions:

775

776

ANNUAL LONG-TERM GW MONITORING EVENT: John Stedman provided an overview of the revised LTGWM technical memo. Will not abandon 007G08LS at this time as it might be useful for loess CMS. Proposing to initially use both low-flow and diffusion sampling methods in MWs that are screened across entire thickness of fluvial deposits and diffusion samplers in other wells. Team agreed with this. Need to gain approval from Jim Morrison.

Minute No. 761

24-May-0

Topic: Deliverables

Program IR

Site:

Presenter EnSafe

Anderson

Actions/Decisions:

ADMINISTRATIVE RECORD: Lawson Anderson distributed and demonstrated AR on CD.

Minute No. 763

24-May-0

Topic: Parking Lot Items

Program ERNA

Site:

Presenter EnSafe

Anderson

Actions/Decisions:

ERNA PARKING LOT: RBCs - Brian Donaldson informed team that any new documents generated should use EPA Region 9 PRGs instead of Region 3 RBCs; July BCT meeting time - start at 0800 on 7/25/00 and meet with CO immediately following Env't. Division's 1030 meeting with CO; Abandonment of inactive MWR golf course well - construction of new club house in 2001 will require abandonment of Memphis Sand well. Activity wanted to make sure there is not a need for it. BCT has no use for this well.

Minute No. 764

24-May-0

Topic: Close-out

Program IR

Site:

Presentor EnSafe

Anderson

Actions/Decisions:

CLOSE-OUT: Plus - one day meeting is good; covered all agenda items; Minus - Jim Morrison absent

Decision No. - 226

Site:

Minute Ref. No. - 751

24-May-00

Consensus reached by team that a facilitator would be helpful for establishing future goals and procedures for the BCT. It was agreed that there is not a need to have all meetings facilitated, only these planning sessions.

NSA Mid-South BCT Action Items24-May-00

Action Item No. 773 24-May-00 **Assigned to:** Reed **Site:** **Minute Ref. No.** 751

Determine whether a facilitator can be set up for June or July BCT meeting.

SET UP A FACILITATOR WHEN/IF EPA NAMES A NEW BCT REPRESENTATIVE. EPA representative has been named. Will determine date when representative is onboard.

Action Item No. 774 24-May-00 **Assigned to:** Anderson **Site:** **Minute Ref. No.** 758Have Linda McMahon send Brian Donaldson updated project schedule in a format readable by MS Project.

Action Item No. 775 24-May-00 **Assigned to:** Stedman **Site:** **Minute Ref. No.** 760Note that LTGWM memo recommendation for abandonment of 007G08LS has been reversed.

Action Item No. 776 24-May-00 **Assigned to:** Stedman **Site:** **Minute Ref. No.** 760Contact Jim Morrison to get his approval on abandonment of three MWs.
