

NSA Mid-South BCT Meeting Attendance Record

21-May-01 BCT

<u>21-May-01</u>	EnSafe Anderson	12:59
	Stedman	13:00
	EPA Vaughn-Wright	13:01
	NSA Williamson	13:01
	USGS Carmichael	13:01
	EnSafe Brantley	14:49

<u>22-May-01</u>	EnSafe Anderson	8:43
	Brantley	8:43
	Stedman	8:43
	Vaughn-Wright	8:43
	NSA Williamson	8:43
	SDIV Reed	8:44
	TDEC Morrison	8:44
	USGS Carmichael	8:44

NSA Mid-South BCT Minutes

MeetingDate: 21-May-01 MeetingType: BCT

Minute No. 1468

21-May-0

Topic: Check In

Program IR

Site:

Presenter EnSafe
Anderson

CHECK-IN: Check in; review and validate agenda; establish parking lot. Parking Lot - Assembly E RFI Report (discuss comments related to PCBs in fish tissue); table Summary of Active Sites until tomorrow so TDEC can participate and also USGS slide presentation since we will not have a SWMU 2 site visit; Lt. Colonel Jim Curry (ANG) will be here tomorrow to observe and ask questions related to pending land transfer at Memphis Int'l Airport.

Actions/Decisions:

Minute No. 1469

21-May-0

Topic: VCAs

Program BRAC

Site: SwMU 27

Presenter SDIV
Reed

SWMU 27 DRUMS: Kickoff meeting this Wednesday with RAC contractor. Field work will start on 5/29 - DPT to collect fluvial deposits GW samples; site survey with GPR; collect confirmation soil samples. Duration - one week.

Actions/Decisions:

Minute No. 1470

21-May-0

Topic: Parking Lot Items

Program ERNA

Site: Assembly E

Presenter EnSafe
Brantley

Assembly E RFI Report Comment on PCBs in Fish Tissue (see USEPA letter of March 6, 2001): Discuss whether tissue samples from a reference location should be collected for comparison to regional endemic values to determine if they are consistent with anthropogenic background.

Actions/Decisions:

307

Minute No. 1471

21-May-0

Topic: Close-out

Program IR

Site:

Presenter
Null

Adjourn for Team Building exercise.

Actions/Decisions:

Minute No. 1472 Check-In: Team check-in; ground rules; etc.

22-May-0

Topic: Check In

Program IR

Site:

Presenter EnSafe
Anderson

Actions/Decisions:

Minute No. 1473 SUMMARY OF ACTIVE SITES: Team review of Active Project Summary table.

22-May-0

Will start referring to SWMUs 14/46 as SWMU 14 to make "bookkeeping" easier.

Topic: Site Status Report

Program IR

Site:

Presenter EnSafe
Stedman

Actions/Decisions:

Minute No. 1474 LOESS CMS GROUNDWATER CLEANUP GOALS: Discuss difference between

22-May-0

TDEC cleanup goal for non-drinking water versus EPA MCL (e.g., benzene - 70 ppb vs. 5 ppb).

Topic: Corrective Measures

Program BRAC

Site: Loess CMS

Presenter EnSafe
Stedman

Actions/Decisions:

1283 308

Minute No. 1475 SWMU 14 CMS WORK PLAN: Discuss whether determination of nature and extent

22-May-0

of loess groundwater contamination is sufficient. Treatability study work plan (proposed in CMS work plan) will include loess wells that will be placed in locations that will address this issue.

Topic: Corrective Measures

Program ERNA

Site: SWMU 14

Presenter EnSafe
Stedman

Actions/Decisions:

Minute No. 1476

22-May-0

Topic: General

Program IR

Site:

Presenter USGS

Carmichael

Actions/Decisions:

USGS/NAVY SLIDE PRESENTATION: J. Carmichael showed Team the slide show he presented to the USGS/DOD Environmental Conference regarding USGS and Team efforts at NSA Mid-South.

Minute No. 1477

22-May-0

Topic: Close-out

Program IR

Site:

Presenter EnSafe

Anderson

Actions/Decisions:

CLOSE-OUT: Review assignments and decisions; next telcon date will be June 26 at 0900 CDT/1000 EDT; next BCT mtg/RAB will be July 23/24 (start at 1300 on 23rd); potential telcon topics include status of field work (SWMU 27 drums, SWMU 2 drilling), report/work plan review comments, and discuss possible RAB agenda items.

NSA Mid-South BCT Decisions

21-May-01

Decision No. - 307

Site: Assembly E

Minute Ref. No. - 1470

21-May-01

Because lagoons do not have an incoming source of water (and thus fish), nor an outgoing release of water (and fish) except for rare flooding of Big Creek, this is no longer an issue.

Decision No. - 308

Site: Loess CMS

Minute Ref. No. - 1474

22-May-01

Section 2.2 of work plan - further explain and clarify rationale/basis for using TDEC cleanup goal for loess groundwater. Also, address the link between loess contamination and fluvial contamination at SWMU 15.

NSA Mid-South BCT Action Items

22-May-01

Action Item No. 1283 22-May-01 **Assigned to:** Stedman **Site:** Loess CMS **Minute Ref. No.** 1474

Review past BCT minutes to determine what discussions have been documented regarding loess groundwater cleanup goals and whether decisions have been documented.
