**NOTICE OF FINAL DECISION
CLASS 2 PERMIT MODIFICATION TO
THE STATE HAZARDOUS WASTE PERMIT FOR
U.S. NAVAL AIR STATION MEMPHIS
MILLINGTON, TENNESSEE
EPA I.D. NO: TN2 17 002 2600**

This letter notifies the interested public and appropriate units of state and local government of the decision by the Tennessee Department of Environment and Conservation (TDEC) to approve a permittee - requested modification of the hazardous waste RCRA Permit (EPA I.D. Number TN2 17 002 2600) for U.S. Naval Air Station Memphis at Millington, Tennessee.

According to EPA's and TDEC's class 2 permit modification procedures as described in 40 CFR 270.42 and Tennessee Rule Chapter 1200-1-11-.07(a)(c), all persons on the current facility mailing list were notified by U.S. Naval Air Station Memphis on June 3, 1993 of the facility's modification. U.S. Naval Air Station Memphis submitted this modification to TDEC on March 16, 1993. One June 15, 1993, a meeting was held at Millington City Hall. The announcement was placed in the Commercial Appeal newspaper.

After process, TDEC decided to approve the requested class 2 permit modification. This class 2 permit modification addresses the following additional waste codes and other changes to this permit.

1. Toxicity characteristic (TC): D018-D043.
2. Attachment 3; training course has been revised.
3. Attachment 4: Primary and Alternate emergency coordinators have changed.
4. Attachment 5: Floor plan replaced with the new drawing because office space and lab space were changed during construction.
5. Attachment 9: Removed Part A hazardous waste list and replaced with enclosed.

As outlined in 40 CFR Section 124.19 and Tennessee Rule 1200-1-11-.07(7)(k), any person who filed comments on the draft permit modification may petition the Director of the Division of Solid Waste Management to review any condition of the final permit modification decision. A request for such a review must follow the procedures outlined under 40 CFR Section 124.19 and TN Rule 1200-1-11-.07(7)(k) and must be submitted in writing to the listed below within thirty (30) days of receipt of this notice.

For further information on this permit modification action or for a summary of the requirements for submitting a petition for review, contact the following party at the listed address:

**CLASS 2 MODIFICATION TO
HAZARDOUS WASTE MANAGEMENT FACILITY PERMIT**

Permittee: U. S. Naval Air Station Memphis
EPA ID No: TN2 17 002 2600
Permit Number: TNHW-009
Unit: Container Storage
Modification Number: 1

Pursuant to the Tennessee Hazardous Waste Management Act of 1977, as amended (Tennessee Code Annotated 68, Chapter 212, Part 1) and the regulations promulgated thereunder by the Tennessee Solid Waste Disposal Control Board (found at Tennessee Rule Chapter 1200-1-11), hazardous waste management facility permit number TNHW-009 issued to Naval Air Station Memphis, on September 15, 1986, is hereby modified, pursuant to Rule 1200-1-11-.07(9)(c), as follows:

1. Toxicity characteristic (TC): D018-D043.
2. Attachment 3; training course has been revised.
3. Attachment 4: Primary and Alternate emergency coordinators have changed.
4. Attachment 5: Floor plan replaced with the new drawing because office space and lab space were changed during construction.
5. Attachment 9: Removed Part A hazardous waste list and replaced with enclosed.

This permit modification is further subject to and conditioned upon the terms, conditions, limitations, standard, and schedules contained in or specified in the attachment which is a part of this modification. This modification is hereby made a part of Permit Number: TNHW-009, EPA ID No.: TN2 17 002 2600 and is effective as of February 9, 1994 and shall remain in effect until September 15, 1996, unless continued, revoked and reissued, or terminated under Rule 1200-1-11-.07(09). Failure to comply with the terms of this modification shall constitute a violation of the Permit.
