Dear Mr. Karlyk:

This letter is a follow-up to my phone conversation with Mr. Dan Brantley of Ensafe, and his request of clarification of soil clean-up levels for Non-UST sites.

The Tennessee Department of Environment and Conservation will allow responsible parties to classify groundwater (for soil clean-up purposes only) in the same manner as we allow for UST sites, soil clean-up levels from UST regulations would apply to Non-UST sites.

If you have any questions concerning this matter, contact me at (901) 368-7973.

Sincerely,

Ghattas Murr
