RE: Work Plan for the Grinder Landfill Located at the Former  
Orlando Naval Training Center, Orlando, Orange County,  
Florida

Dear Mr. Twedell:

I have completed my review of the Work Plan for the Grinder Landfill Located at the Former Orlando Naval Training Center dated April 19, 2000 (received April 21, 2000). The work plan is acceptable as written. Please note that landfill material and soils that have been in contact with landfill material should be properly characterized to determine if hazardous waste if they are slated for offsite disposal. Otherwise, material should be placed back in the excavation from which it was removed and then covered with two feet of clean soil.

If I can be of any further assistance with this matter, please contact me at (850)488-3693.

Sincerely,

David P. Grabka  
Remedial Project Manager
