Dear Captain Lewis:

The Florida Department of Environmental Protection concurs with Southern Division Naval Facilities Engineering Command's decision to remove groundwater use restrictions on Parcels 3A and 3B, former Study Area 3, Orlando Naval Training Center. Based upon information supplied in the Closure Report, the restrictive covenants granting the Department third party beneficiary rights for the enforcement of groundwater use restrictions on the above parcels are no longer necessary.

If you have any questions concerning this letter of concurrence, please contact David P. Grabka at (850) 488-3693.

Sincerely,

David B. Struhs
Secretary
