I have completed my review of the Draft Work Plan for Near Shore Investigation at Operable Unit 4, Naval Training Center Orlando, dated October 5, 2007 (dated October 9, 2007), prepared and submitted by Tetra Tech NUS, Inc. The draft work plan, with the additional microbial sampling proposed in an October 9, 2007 e-mail by Chris Pike, is acceptable to the Department and should be finalized.
