**SUBJECT: NTC, Orlando Group IV Site Screening and Herndon Annex Workplan
Naval Training Center, Orlando, Florida
Contract No. N62467-C-0317/107**

Dear Mr. Baker:

Enclosed are two copies of the Preliminary Draft NTC, Orlando Group IV Site Screening Workplan. The Preliminary Draft has not yet undergone formal editorial review and formatting to ensure compliance with Navy document requirements.

This document has been issued as a Preliminary Draft to provide an opportunity for informal review, prior to the BCT meeting scheduled for June 8 and 9. BCT comments to the workplan will be discussed at this meeting, after which the document will be revised and issued formally as an addendum to the existing site screening workplan.

Also attached is the preliminary draft version of a new Appendix C to the site screening workplan. This appendix represents the workplan for additional investigations at Herndon Annex. This appendix will be issued formally as an addendum to the existing workplan when the formal Group IV addendum is produced.

If you have any questions, please do not hesitate to call me at (617)245-6606.

Sincerely,

ABB ENVIRONMENTAL SERVICES, INC.
