RE: Site Assessment Report, Building 2426, Main Base,  
Naval Training Center, Orlando, Florida  
FDEP #488840202

Dear Mr. Ugolini:

I have completed the technical review of the Site Assessment Report (SAR) dated May 1998 (received June 1, 1998) submitted for Building 2426. I agree with the conclusions and recommendations to remove the contaminated soil and free product, and then resampling of the monitoring wells. After completion of the above, please submit a SAR Addendum documenting the results.

If I can be of any further assistance with this matter, please contact me at (904) 921-9989.

Sincerely,  
  
John W. Mitchell  
Remedial Project Manager
