Subject: Redline Replacement Pages for the Final Tier II Sampling and Analysis Plan for Building 148/Study Area 56 at Area C Southwest, Former Naval Training Center Orlando, Orlando, Florida

Dear Mr. Sanford:

I have completed my review of the Redline Replacement Pages for the Final Tier II Sampling and Analysis Plan (SAP) for Building 148/Study Area 56 at Area C Southwest, Former Naval Training Center Orlando, dated April 15, 2014 (received by e-mail April 15, 2014), prepared and submitted by Resolution Consultants. The number and location of monitoring wells has been revised pursuant to my April 9, 2014 e-mail commenting on the Data Package for Area C SW: Proposed Well Locations, dated January 2014 (received by e-mail March 25, 2014). The proposed changes to the Revised Final Tier II SAP are acceptable to the Department.

The report is otherwise suitable for its intent. If you have any concerns regarding this letter, please contact me at (850) 245-8997.

Sincerely,

A handwritten signature in blue ink that reads "David P. Grabka". The signature is fluid and cursive, with a long horizontal line extending to the right.
