Dear Mr. Hartnett:

The Navy has received and reviewed EPA and Florida Department of Environmental Regulations (FDER) comment responses with respect to the Draft/Final Site Management Plan (SMP) for the Naval Air Station Pensacola NPL Site, Pensacola, Florida. We have concerns with the current comment responses and past responses from EPA as these comments relate to the Draft/Final SMP and the signed Federal Facility Agreement (FFA). We would like to discuss these responses and express our concerns in a formal meeting with the parties of the FFA, and the installation representatives. As agreed, we have tentatively scheduled this meeting to be held in your office on May 7, 1991, and will confirm this date at a later time. We are expecting this meeting to extend through morning and afternoon sessions.

If you should have any questions, please contact me at (803) 743-0582. I would be glad to assist **you** in addressing any of your concerns.

Sincerely,

G. C. BRADLEY, P. E.
