SUBJECT: Draft Immediate Removal Action Work Plan, 'sire 30,  
Wetland 5A, Naval Air Station Pensacola.

---

I have reviewed the above stated document dated January 20, 1994 (received January 21, 1994) submitted for this site.

The Dredge and Fill Section of FDEP's Northwest District should be consulted for appropriate permits/compliance requirements prior to commencing any removal action in a wetland at NAS Pensacola. Besides this point, this workplan appears acceptable.
