Re: NAVSTA Roosevelt Roads, PR - Schedule for Issuance of RCRA Permit

Dear Mr. Rakowski:

As requested by Mr. James Szykman, of your staff, to facilitate your securing necessary funding for FY'94 corrective action activities at NAVSTA Roosevelt Roads, EPA Region II is informing you of the following tentative schedule for issuance of the Final RCRA Permit, with HSWA requirements.

October 1, 1993	Public Notice of Draft Permit. 45 day Public Comment Period begins.
November 15, 1993	Public Comment Period closes. EPA will respond to comments and revise Permit.
December 17, 1993	Notice of Issuance of Final Permit. 30 day comment period begins.
January 18, 1994	Final Permit effective date.

This schedule is tentative, and we will make our best efforts to meet it; however, please be advised that the Permit effective date is contingent on the following:

- a) the amount and complexity of any comments received during the Public Comment period;
- b) the assumption that there will be no comments or Permit appeal subsequent to the Notice of Issuance of Final Permit; and

c) the assumption that a Public Hearing, pursuant to CFR § 124.12, is not required.

Should you have any questions, please contact Timothy Gordon, of my staff, at (212) 264-9538.

Sincerely yours,

Andrew Bellina, P.E.
Chief, Hazardous Waste Facilities Branch
