Comments on the Draft Final Corrective Measures Study (CMS) Final Report for Tow
Way Fuel Farm (SWMU 7 and 8), dated November 8, 2004.

Dear Mr. Cloe:

The United States Environmental Protection Agency (EPA) Region 2 has completed its review of the Navy's April 8, 2005 Responses to EPA's January 7, 2005 Comments on Corrective Measures Study (CMS) Final Report for Tow Way Fuel Farm (SWMU 7 and 8), dated November 8, 2004. EPA has determined that the responses are acceptable.

Therefore, pursuant to Condition III.E.7(c)(ii) of the facility's existing RCRA permit, within 45 days of your receipt of this letter please submit a revised CMS Report for Tow Way Fuel Farm (SWMU 7 and 8) which incorporates all necessary changes to reflect your April 8, 2005 responses.

If following its submission to EPA, the revised CMS Final Report is found to acceptably incorporate all necessary changes to reflect your April 8, 2005 responses, then pursuant to Condition III.E.9 of the RCRA permit, the selected remedies must undergo public review and comment before being fully approved by EPA.

If you have any questions, please telephone me at (212) 637- 4167.

Sincerely yours,

Timothy R. Gordon,
