RCRA/HSWA Permit No. PR2170027203
Draft Final Corrective Measures Study Task I Report
Tow Way Fuel Farm (SWMU 7/8)

Dear Ms. DiForte:

Baker Environmental, Inc. (Baker), on behalf of the Navy, is providing you with two copies of the Draft Final Corrective Measures Study Task I Report, Tow Way Fuel Farm (TWFF). This document is being submitted in accordance with the revised CMS schedule that was submitted to your office on March 26, 2002.

It should be noted that this document contains the Draft Calibrated Groundwater Flow Model Report for the TWFF as Appendix G and the Draft Additional Data Collection Investigation Report as Appendix E. This report has been bound separately for ease of your review.

The information provided in this document addresses the items listed in the approved "Where Do We Go From Here?" document which incorporated comments provided by Mr. Tim Gordon of your office via email on May 31, 2001. The only items that could not be completed were a fingerprint of the LNAPL and Dynamic viscosity of the LNAPL analysis in Zone 3. This was due to the lack of free product in this area at the time of the fieldwork.

If you have questions regarding this submittal, please contact Mr. Kevin Cloe, P.E. at (757) 322-4736. Additional distribution has been made as indicated below.

Sincerely,

BAKER ENVIRONMENTAL, INC.

Mark E. Kimes, P.E.
Activity Manager
