**Subj: SWMU 61 DRAFT CORRECTIVE MEASURES STUDY (CMS) REPORT EXTENSION
REQUEST, NAVAL ACTIVITY PUERTO RICO**

Dear Mr. Gordon:

Per the Navy's letter dated 2 July 2010 the Navy was to submit the Draft CMS Report by 29 Oct 2010. The Navy has completed the investigative field work and received the analytical data, which indicated the presence of contaminates in a freshwater wetland. Due to this discovery, additional and unforeseen ecological risk assessment (ERA) work will be required to complete the Draft CMS Report. Therefore, the Navy requests an extension until 17 Dec 2010 for the submittal of subject document in order to complete the required ERA work.

Should you have any questions, please contact me at (843) 743-2124 or by email at mark.e.davidson@navy.mil.

Sincerely,

A handwritten signature in black ink that reads "Mark E. Davidson".
