Re: Contract N62470-95-D-6007  
Navy CLEAN, District III  
Contract Task Order (CTO) 0259  
Revised Draft Site Investigation Report and Revised Draft Engineering Evaluation/Cost Analysis  
Stop 7 ½ Naval Reservation, San Juan, PR

Dear Ms. Martinez:

Baker Environmental, Inc. (Baker), on behalf of the Navy, is providing you with two copies of the Revised Draft Site Investigation Report and Revised Draft Engineering Evaluation/Cost Analysis for Stop 7 ½ Naval Reservation, San Juan, Puerto Rico for your review.

Following the submittal of the Draft Site Investigation Report and Revised Draft Engineering Evaluation/Cost Analysis dated January 27, 2003, the Navy decided to re-evaluate the Background evaluation data and made some significant changes that affected the determination of the nature and extent of contamination of the Stop 7 ½ compound. Therefore, this Revised Draft Site Investigation Report and Revised Draft Engineering Evaluation/Cost Analysis reflects these changes.

To facilitate any comments or questions you may have regarding these draft documents, we would like to arrange for a meeting in San Juan with your office and EPA. At your convenience please advise of a date that is agreeable. We are available to meet during the week of February 17-21, 2003 if that fits your schedule.

Please do not hesitate to contact Mr. Kevin Cloe, P.E. at 757-322-4736, if you have any questions. Additional distribution has been made as indicated below.

Sincerely,

**BAKER ENVIRONMENTAL, INC.**

Mark E. Kimes, P.E.
