Subj: ADDITIONAL EXTENSION REQUEST FOR SWMU 76 RCRA FACILITY
INVESTIGATION WORK PLAN, NAVAL ACTIVITY PUERTO RICO, EPA I.D.
NUMBER PR2170027203, CEIBA, PUERTO RICO

Dear Mr. Gordon:

In accordance with your letter dated 18 October 2007, the Navy was to submit within 60 days of receipt of the letter a revision to the SWMU 76 RCRA Facility Investigation Work Plan. In accordance with the Navy's letter dated 14 Dec 2007, the Navy had requested an extension until 1 Feb 2008, followed by another extension request until 28 March.

As explained in our meeting at your office in November 2007, the Navy does not have funds budgeted for this site because we had planned to transfer this property to the National Guard Bureau this fiscal year. Unfortunately, the National Guard Bureau is still reviewing environmental documentation for SWMU 76 and they have made no progress in the conveyance of this property. Accordingly, the Navy hereby requests an additional extension for this deliverable until 31 October 2008 to allow the Navy to decide if the National Guard Bureau will receive this property or if we will pursue some other means of conveyance. The additional schedule extension will also allow the Navy to secure funding for this SWMU in the event the National Guard Bureau does not follow through with its environmental obligations.

If you should have any questions, please feel free to contact me at (843) 743-2130 or by email at david.criswell@ navy.mil.

Sincerely,

DAVID CRISWELL, P. E.
