Ms. Debbie Knott
Charles County Public Library
Charles & Garrett Streets
La Plata, MD 20646

Dear Ms. Knott:

We are forwarding the Engineering Evaluation and Cost Analysis and the Placement and Treatability Study Report for our Activity's Installation Restoration (IR) Site 8, Nitroglycerin Plant Office, for inclusion in the reference section of your library.

Because we will be performing a Removal Action under the Navy IR program at this site, we are required by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, to provide public access to these documents.

As discussed with Mr. Shawn Jorgensen of my staff on March 26, 1993, we will be forwarding additional documents for inclusion in your library as the need arises.

We thank you very much for your assistance and if you have any questions or comments concerning this matter, please contact Mr. Jorgensen on (301) 743-6745 or 6746.

Sincerely,

A handwritten signature in cursive script, appearing to read "Susan P. Adams".

SUSAN P. ADAMS
By direction of the Commander

Encl:

- (1) Engineering Evaluation and Cost Analysis of January 1993
- (2) Placement and Treatability Study Report of August 1993
