RE: Naval Surface Warfare Center Indian Head Division (NSWC-IHDIV),
Indian Head, Charles County, Maryland: Public Health Assessment

Dear Mr. Meredith:

The Agency for Toxic Substances and Disease Registry (ATSDR) is pleased to provide you with a copy of the Final Release version (January 2, 1998) of our public health assessment of Naval Surface Warfare Center Indian Head Division (NSWC-IHDIV). This health assessment is ATSDR's evaluation of any past, current, or future impacts on the health of people who work and live in the community from releases of environmental contaminants from the facility.

We are interested in knowing if we have presented our findings clearly. Your response to the enclosed questionnaire will help us make future health assessments better. After you read the health assessment, please take the time to complete the questionnaire and mail it to us. There is also space on this questionnaire to send us your general comments. No postage necessary.

If you have any questions about the report or ATSDR's public health activities at Naval Surface Warfare Center Indian Head Division (NSWC-IHDIV), do not hesitate to contact the health assessor, Julie Corkran, at (404) 639-6094. Thank you for your time and interest.

Sincerely yours,

for Max M. Howie, Jr.
Chief, Program Evaluation, Records, and Information Services Branch
Division of Health Assessment and Consultation
